## EDUCATION

### A-Zone M.P School

Higher secondary

(I have passed out my higher secondary examination in 2019 but due to health issue I could not take admission)

Durgapur

Aug. 2017- March. 2019

### Coochbehar Government Engineering College

Btech in Electronics and Communication Engineering

Coochbehar, West Bengal

Aug. 2020 -Present

## TECHNICAL SKILLS

**Languages:** C, C++, JavaScript, HTML/CSS

**Frameworks:** React, Node.js, Material-UI, FastAPI

**Developer Tools:** Git, VS Code, Matlab, Ms Office

## PROJECTS

### IMDB Clone / HTML, CSS, Javascript, ReactJs

Project

- Developed a web application using React that serves as a clone of IMDb, providing users with access to a wide range of movie information and ratings
- Designed an intuitive user interface that closely resembles the IMDb layout, allowing users to navigate the application with ease and familiarity.
- Integrated IMDb's rating system to provide users with accurate and up-to-date movie ratings, enabling them to make informed decisions about which movies to watch.

### Animated Portfolio / HTML, CSS, Java Script

Project

- Developed a full stack animated portfolio using **HTML, CSS** and **Java Script**
- Showcased my web development skills, including front-end design and interactivity.
- Included sections for projects, resume, and contact details to enhance accessibility.
- Demonstrated proficiency in responsive web design and user experience optimization.

### Weather App / HTML, CSS, Java Script

Project

- Developed a user friendly weather app using **HTML, CSS** and **Java Script**
- Utilized the OpenWeather API to fetch real-time weather data, including current temperature and weather conditions.
- Enabled users to easily access up-to-date weather information for any location.
- Demonstrated proficiency in frontend web development, API integration, and data visualization.

## EXPERIENCES

### Durgapur Steel Plant / Vocational Training

Certificate

- Completed an intensive vocational training program at Durgapur Steel Plant, gaining hands-on experience and theoretical knowledge.
- Acquired comprehensive insight into the operations of a leading steel production facility, focusing on **Raw Material Handling Plant, Sinter, Blast Furnace, Wheel and Axle and Telecommunication.**
- Successfully completed a specialized certification program awarded by Durgapur Steel Plant.

### North East Frontier Railway / Vocational Training

Certificate

- Completed an immersive vocational training program at NF Railway's esteemed **Telecom and Signal System** Department, focusing on the intricacies of communication systems and signal operations within the railway infrastructure.
- Engaged in hands-on training and theoretical modules covering **Telecommunication and Signal System Department**, gaining practical expertise in maintaining, troubleshooting, and optimizing communication and signaling systems vital for railway safety and efficiency.
- Successfully completed a specialized certification program awarded by NF Railway.
